Verco ShearTranz™ Systems

With regret Verco announces the phasing out of the Verco ShearTranz™ family of products. With the launch of Verco Decking's IAPMO ER-2018 and IBC 2018 / CBC 2019 Verco no longer offers current code values for any version of the ShearTranz™ system. This is due, at this time, to the change in code, increase in steel strength for deck and the Verco PunchLok™ II system.

If you have any additional questions or concerns, or if you wish to discuss this further, please feel free to contact me directly.

Best regards,

Kelsey Lavicka,
 Engineer, PE
